PR26 - CDBG Financial Summary Report

Non-State Certifications

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City of Florissant concentrated the use of its CDBG funds in affordable housing related activities in Program Year 2021. The following programs were identified in our Program Year 2021 Annual Action Plan: (1) Home Improvement Program, (2) Home Improvement Program-Mechanical, (3) Project IMPACT (formally known as Community Oriented Problem Solving (C.O.P.S.)), (4) Mortgage Rent and Utility Assistance Program, and (5) Program Planning and Administration. During PY2021 the City provided 0% interest, five-year forgivable loans to assist 23 low-moderate income homeowners make repairs and improvements to their homes. In addition, the City provided grants to 16 low-moderate income homeowners to replace heating and cooling units, usually in emergency situations. Through the Project IMPACT program (formally known as COPS), the City provided funds to allow 10 residents with disabilities or low income in need of handicapped ramps or assistance with the upkeep of their homes.

An allocation of \$11,000 was set aside for the Mortgage Rent and Utility Assistance Program. This program provided mortgage, rent and/or utility assistance to 11 people/3 households who faced emergency or severe temporary economic hardship.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual

outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Administration	Administration	CDBG: \$53,253.00	Other	Other	1	1	100.00%	1	1	100.00%
Project IMPACT (formally known as C.O.P.S.)	Affordable Housing	CDBG: \$10,000.00	Homeowner Housing Rehabilitated	Household Housing Unit	50	10	20.00%	10	10	100.00%
Home Improvement Program	Affordable Housing	CDBG: \$132,016.00	Homeowner Housing Rehabilitated	Household Housing Unit	110	23	21.00%	22	23	104.55%
Home Improvement Program - Mechanical	Affordable Housing	CDBG: \$60,000	Homeowner Housing Rehabilitated	Household Housing Unit	60	16	27.00%	10	16	160.00%
Mortgage, Rental & Utility Assistance	Public Services	CDBG: \$11,000	Public service activities for Low/Moderate Income Housing Benefit	Households Assisted	45	11	24.00%	10	11	110.00%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City of Florissant is an entitlement grantee, and receives its CDBG funds directly from HUD. In FY2021 the City of Florissant

received a total of \$266,269.00 in CDBG funds. At the end of each fiscal year the Florissant Community Development Office is required to prepare this Consolidated Annual Performance and Evaluation Report (CAPER). The CAPER indicates how Florissant's CDBG funds were expended, and Jurisdiction evaluates the city's progress in accomplishing its community development objectives.

Program Year 2021 marked Florissant's first year of the Amended 5 year Consolidated Plan. Much of the year was spent setting up and implementing activities. For the FY2021 all projects scheduled are either completed or underway. CDBG investments are made city-wide since low-to moderate income people are not concentrated in only one geographic area of the city.

Due to COVID-19, changes to our existing programs were necessary. COVID-19 continued to result in a delayed release of 2021 funds, City/County/World wide shut downs, employment layoffs and additional Federal funding with the release of CARES-Act funding. CARES-Act funding was designated to aid in preparation, prevention and the respond to Caronavirus. This pandemic and the additional allocation of CDBG-CV funds caused delays in the execution and administration of existing programs and focused our priorities to the creation of new programs to respond to COVID-19.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

	CDBG
White	27
Black or African American	29
Asian	0
American Indian or American Native	0
Native Hawaiian or Other Pacific Islander	0
Total	56
Hispanic	4
Not Hispanic	56

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The total number of families assisted is 60, with 27 (45%) being white and 29 (48.3%) being African American. There were 4 Hispanic families assisted, or .06%, were Hispanic and 56 (93%) were not Hispanic. Our programs assisted a greater proportion of minority families than are represented in our community. The 2020 census shows that roughly 2.9% of the population is Hispanic, 45.6% is white, and 44.5% is African-American. Roughly one percent of Florissant’s population is either Asian, American Indian, or Native Hawaiian/Pacific Islander and that one percent was not among those receiving assistance.

Because we were able to utilize available funds to best address the needs of those populations in our community who needed it most, the race and ethnicity percentages of the families assisted are not an identical match with community demographics.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG		266,269	192,518.78

Table 3 – Resources Made Available

Narrative

The City of Florissant qualified as an Entitlement Community in the late 1979/early 1980’s. The 2020 Census estimates the city’s population at 52,5330.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
City of Florissant	100	100	

Table 4 – Identify the geographic distribution and location of investments

Narrative

The City of Florissant consists of an older/aging housing stock with a large percentage of low to moderate individuals/households. CDBG funds are distributed city-wide since low-to-moderate income households/persons are not concentrated in one geographic area of the City.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

While the City of Florissant has a small CDBG allocation, it is very highly leveraged through Project IMPACT (formally known as C.O.P.S.) program in order to provide home repairs and accessibility improvements to the maximum number of low- to moderate-income disabled Florissant residents. The Project IMPACT program uses CDBG funding to purchase wheelchair ramps, materials and supplies for homes that are then assisted by qualified volunteers. The volunteer labor allows more households to be served with limited funding, and volunteer services are requested for the implementation of other programs in addition to the Project IMPACT, however this program has shown the greatest results in terms of leverage.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	47	68
Number of Special-Needs households to be provided affordable housing units	0	0
Total	47	68

Table 5- Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	10	7
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	47	68
Number of households supported through Acquisition of Existing Units	0	0
Total	57	75

Table 6 - Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The discrepancy between the IDIS reports & the final #'s in the CAPER are due to a few reasons: 1. city funds were expended on several activities but was not reflected in IDIS as drawdowns for some of those expenditures had not been completed. 2. several households assisted thru the Project IMPACT program used no funding but were still recorded as households assisted. 3. Not all households assisted used 2021 funding as we use prior years funding first. The #'s reported in the CAPER are the accurate #'s

Discuss how these outcomes will impact future annual action plans.

Not Applicable

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Persons Served	CDBG Actual	HOME Actual
Extremely Low-income	19	0
Low-income	56	0
Moderate-income	0	0

Total	75	0
-------	----	---

39Table 7 – Number of Persons Served

Narrative Information

The City of Florissant’s programs have been entirely focused on the needs of low and extremely low income individuals in the community. Of the extremely low-income people helped in the CDBG programs for 2021, 21 of the 60 have incomes at less than 30% of the median income.

Our CDBG funds allocated for affordable housing have been used to provide support to people who need repairs and improvements to their homes to improve their quality of life.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Various outreach programs and services exist in our community to identify homeless persons and assess individual needs. The majority of social service agencies are in St. Louis City and St. Louis County. If homeless families and individuals are identified, the City works with St. Louis County, Continuum of Care Coordinated Entry Program 211 and other organizations (i.e. Catholic Charities, Housing Resource Center, Better Family and local organizations such as the St. Vincent DePaul Society) to place and provide homeless persons with needed services. Each year the Continuum of Care does a Homeless Count in St. Louis County to identify homeless individuals in the area. There are also programs to help homeless persons transition to permanent housing and independent living. The city will continue to develop relationships with the various service agencies providing services to the homeless and those at risk of becoming homeless. The City of Florissant continues to work with social service agencies in St. Louis County, which are providing aid to homeless persons and addressing their individual needs.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Florissant does not directly offer any shelters or bed for individuals or families who have lost their homes, but the City does offer the Mortgage Rent & Utility Assistance (MRU-Assist) Program, to support Florissant residents who are on the verge of homelessness by offering funding that can be used for rent/mortgage and utility assistance.

All concerns and/or calls received regarding homelessness in Florissant are directed to the Continuum of Care's Coordinated Entry number, 2-1-1. Case Managers receive calls, conduct a VISPDAT to determine the caller's homeless vulnerability level and appropriate care, resources and case management are provided.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Although the entitlement amount that the City of Florissant receives on an annual basis would not adequately cover the cost of emergency, transitional, or permanent housing while

sustaining other important programs within our community, an allocation of \$11,000 was set aside for a Mortgage Rent and Utility Assistance Program. These program funds provide mortgage, rent and/or utility assistance to who faced emergency or severe temporary economic hardship.

In addition, the City's housing rehabilitation programs allow our residents to make needed improvements necessary to keep them in their homes and ultimately assist in the prevention of homelessness. The City of Florissant also continues its participation in a HOME consortium, working with other municipalities and counties in the surrounding St. Louis area to continue promoting homeownership. Beyond Housing, Better Family Life, CAASTLC and NECAC provide housing counseling services so homeowners can retain homeownership. Also, the City refers these counseling agencies to other homeowners who are faced with losing their homes. The City has also co-hosted and participated in many seminars on issues facing low income families that could lead to homelessness, including foreclosure, short sales, home energy efficiency and financial services for low-income and minority populations.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City offers the MRU-Assit Program which provides funds to an area social service agency, Community Action Agency of St Louis County, to support Florissant residents who are on the verge of homelessness. Funds can be used for utilities and rent/mortgage assistance. This program is extremely important in keeping Florissant's residents in their homes.

The City does not directly serve individuals who are homeless but works to assist identified individuals who are homeless by putting them in touch with the proper community resources to help with temporary shelter, permanent shelter, job training, medical assistance, mental health counseling and/or those that specifically serve families, children and/or single women and men.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

There is no Public Housing Authority and there are no public housing developments in the City of Florissant. The City does not have the funds to initiate public housing construction itself and no private sector developers have approached the City. However, the city is served by the City of St. Louis and St. Louis County Housing Authorities and they have been classified as "High Performers." It has been noted through previous studies that the North St. Louis County area held the largest percentage of all Section 8 and public housing units in St. Louis County. North

St. Louis County communities are providing for the housing needs of low-income families in the St. Louis County area.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

N/A

Actions taken to provide assistance to troubled PHAs

N/A

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City of Florissant's regulations for development and construction, specifically zoning and subdivision regulations, architectural requirements, building codes, permitting and licensing, that the city imposes do not create a barrier to the construction of affordable housing.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City is very active in addressing needs of the community. One of the greatest obstacles in meeting underserved needs is the distance and invisibility of social services for residents of Florissant. The majority of social service agencies are in St. Louis City and St. Louis County. If homeless families and individuals are identified, the City works with St. Louis County, Continuum of Care and other organizations (i.e. Catholic Charities, Housing Resource Center, Better Family and local organizations such as the St. Vincent DePaul Society) to place and provide homeless persons with needed services.

The City of Florissant also continues its participation in a HOME consortium, working with other municipalities and counties in the surrounding St. Louis area to continue promoting homeownership. If residents with special needs are identified, the City works with the resident referring them to local agencies. The Florissant Housing Resource Center continues to network with local agencies serving the elderly, disabled and low-income.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

All homeowners in the Home Improvement Program with houses built before 1978 are given the “Protect Your Family from Lead in Your Home” pamphlet and must sign a “Confirmation of Receipt” for documentation purposes.

Much of the housing stock in Florissant was built before 1978, however lead problems have diminished greatly in the last 5 years. When houses are found to contain lead, they are entered into our Lead Abatement Program funded with our HOME Funds where the home is abated by a licensed/cerified lead abatement contractor. Furthermore, strategies will be developed with other community organizations for educating rental property owners, homeowners, and occupants of rental housing about lead-based paint hazards.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City of Florissant does not have any specific programs or policies with regard to reducing the number of poverty-level families. However, preserving affordable housing through the Home Improvement Program (“HIP”), HIP Mechanical, and Project IMPACT (formally known as C.O.P.S.) Program provides a way for low income persons to have livable housing without investing their own limited resources into needed repairs and rehabilitation.

The City of Florissant seeks to reduce the number of poverty level families by investing portions of CDBG and HOME funds in programs and projects that support and maintain affordable housing. There are also numerous social service agencies in St. Louis County that continue to make an effort to address poverty in all parts of the County, including the City of Florissant. The City will continue to collaborate with these programs and continue to assist and support these efforts to reduce poverty within the City.

The City of Florissant’s anti-poverty efforts are also enhanced by the City’s Economic Development Department which continually seeks and encourages every opportunity to expand the City’s economic base and thus create more jobs and more employment opportunities for low-income persons.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City of Florissant’s Housing and Community Development Department administers the Community Development Block Grant program. While there are many social service organizations in the community, their efforts have not been coordinated in Florissant. In order to develop institutional structure, the City of Florissant has worked with non-profit agencies such as CAASTLC to utilize their experience and networks. CAASTLC is administering our Public Service for LMI persons with Mortgage Rent and Utility Assistance.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City of Florissant has become more involved in developing relationships with social service organizations in St. Louis County to be able to funnel requests outside the reach of our programs to those groups.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Low labor market engagement and limited incomes restrict housing choice and access to opportunity among protected classes

Jobs tend to be clustered in parts of central St. Louis County and St. Charles County, while fewer jobs exist in north St. Louis County, Jefferson County, and less densely populated areas of St. Charles County. Combined, the region's lower labor market engagement among protected classes and moderate segregation levels contribute to racially and ethnically concentrated areas of poverty.

Lack of access to transportation services in some areas of the region limits housing choices and access to employment, services, and resources

Low levels of access to public transportation in parts of the region creates challenges for residents without access to vehicles in accessing employment, resources, and services. Residents in north St. Louis County have the lowest levels of vehicle access in the region.

Insufficient housing for people with disabilities

Housing that is accessible and available for people with disabilities is in short supply, particularly in neighborhoods of opportunity that are served by transit and with other important amenities such as retail, healthcare services, and walkability.

Limited access to quality schools disproportionately impacts residents of color

Data on school district performance in the region indicates high levels of segregation by race and income, and disparities in access to proficient schools by race and income among school districts and counties. Residents of north St. Louis County, who are predominantly Black and low-income, have the lowest levels of access to proficient schools in the region.

Lack of affordable housing supply prevents members of protected classes from living in areas of opportunity

Affordable housing supply is limited in areas with greater access to jobs and amenities. Housing data for the three-county region indicates that renters, particularly in Florissant, O'Fallon and St. Charles County spend more than \$1,000 on rent at a disproportionately higher rate than renters in the MSA.

Ongoing need for fair housing outreach, education, and enforcement

The members of the Consortium share a broad need for ongoing outreach, education, and enforcement regarding fair housing, which is evident from public input, local litigation history, complaint filings, and the results of the fair housing survey.

Continued need for neighborhood investment and expanding opportunity in north St. Louis County

A lack of access to neighborhood services, facilities, and infrastructure in north St. Louis County--including grocery stores and other shopping, property maintenance, health services, and well-maintained parks-- presents additional barriers to fair housing in the region

NIMBYism and prejudice reduce housing choice for protected classes

Stakeholders interviewed for this research noted that developing multifamily rental housing – affordable or market rate – in many areas is difficult due to pushback and Not In My Backyard (NIMBY) sentiments expressed by some residents

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

As a recipient of Federal funds, the City recognizes its responsibility for carrying out eligible activities in compliance with applicable Federal requirements and procedures. All activities are reviewed by staff to ensure compliance with eligibility and to ensure that they meet the national objectives of benefiting low- and moderate-income residents, alleviating urgent need, or eliminating slum and blight. All projects are reviewed by City staff prior to approval. Staff monitors the implementation of every activity on a step by step basis to ensure that all requirements are met. Staff has participated in IDIS Training, Visual Lead Training, Basic CDBG Training, Environmental Training, and Fair Housing Training. The City consults regularly and directly with HUD staff to ensure compliance with regulations and policy. Policies and procedures are always being reviewed for improvement to achieve program goals, complete activities in a timely manner, maintain adequate financial systems and all necessary documentation. The Finance staff of the City conducts additional monitoring to ensure that audit requirements are being met.

If there are any activities carried out through sub-recipients, City staff is in contact with the sub-recipient throughout the year and conduct on-site monitoring visits to review procedures, verify the number of residents who have received services as well as the number of hours of service they received.

We also continually monitor the progress of all work undertaken in the Home Improvement Program. Before any work is started, a member of our staff, along with a City of Florissant Multi-Building Inspector, conducts a minimum housing inspection of each residence. The homeowners obtain bids and quotes for all work to be done by a contractor, and those bids are reviewed by our staff. As work is completed by the contractor, a re-inspection is scheduled and conducted by the staff member and the inspector. All work must pass Florissant Minimum Housing Code. As work is completed and approved, payment is made to the contractor. When all work is completed a final inspection is made by the same staff member and inspector. Phone calls are made and letters sent to any participant who appears to be falling behind schedule. For participants in Project IMPACT (formally known as C.O.P.S.) program who are not also participating in the Home Improvement Program, the work is monitored by frequent visits to the site by at least one member of our staff.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Staff has utilized several strategies to engage the public in review of the CAPER as well as in the preparation of our Annual Plan. A notice of availability of this Consolidated Annual Performance and Evaluation Report was published on the City's web site and posted on the City's Cable Channel and social media. Notice was also posted on all available public bulletin boards and a press release was sent out to local newspapers on January 26, 2022 for a public hearing that was held on Thursday, February 10, 2022.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There are currently no changes in our program objectives or in our program activities as the result of our experience in PY2021.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

NEWSLETTER / NEWS RELEASE
From the Office of Community Development

For Immediate Release
January 26, 2022

City of Florissant will hold a public hearing for the Consolidated Annual Performance and Evaluation Report (CAPER) for the Community Development Block Grant (CDBG) Program for Fiscal Year 2021

The City of Florissant, Missouri, will conduct a public hearing beginning at **4:00 p.m. on Thursday, February 10, 2022, at Florissant Government Building, 1055 rue St. Francois, Florissant, Missouri 63031**, concerning the **Fiscal Year 2021 Consolidated Annual Performance and Evaluation Report (CAPER)** for the Florissant Community Development Block Grant (CDBG) Program. For more information, contact Community Development Director, Carol O'Mara at (314) 839-7680, or comara@florissantmo.com.

A draft of the CAPER will be available for review. Interested persons may review this report by contacting the Community Development Office at 314-839-7680 or TDD 314- 839-5142. Written comments concerning this report may be submitted to the Community Development Office at the above referenced address. All comments must be received by 5:00 PM on February 25, 2022.

Those who need assistance or auxiliary aids for the meeting should contact the Community Development Office in the Government Building at least 24 hours in advance of the meeting at (314) 839-7680

###

CPMP Non-State Grantee Certifications

Many elements of this document may be completed electronically, however a signature must be manually applied and the document must be submitted in paper form to the Field Office.

- | |
|---|
| <input type="checkbox"/> This certification does not apply. |
| <input checked="" type="checkbox"/> This certification is applicable. |

NON-STATE GOVERNMENT CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about –
 - a. The dangers of drug abuse in the workplace;
 - b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will –
 - a. Abide by the terms of the statement; and
 - b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted –
 - a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - b. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

8. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
10. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

11. Maximum Feasible Priority - With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
12. Overall Benefit - The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2021, 2022, 2023, (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
13. Special Assessments - It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

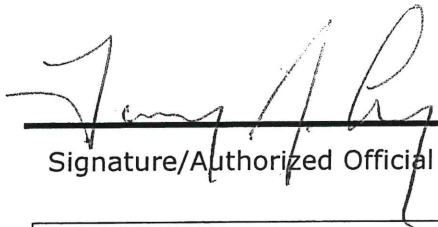

Error! Not a valid link.

15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

Compliance with Laws -- It will comply with applicable laws.

**OPTIONAL CERTIFICATION
CDBG**

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having a particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities, which are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

 This certification is applicable.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

HOPWA Certifications

The HOPWA grantee certifies that:

Activities -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

Building -- Any building or structure assisted under that program shall be operated for the purpose specified in the plan:

1. For at least 10 years in the case of assistance involving new construction, substantial rehabilitation, or acquisition of a facility,
2. For at least 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.

ESG Certifications

I, _____, Chief Executive Officer of **Error! Not a valid link.**, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 *CFR* 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

1. The requirements of 24 *CFR* 576.53 concerning the continued use of buildings for which Emergency Shelter Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
2. The building standards requirement of 24 *CFR* 576.55.
3. The requirements of 24 *CFR* 576.56, concerning assurances on services and other assistance to the homeless.
4. The requirements of 24 *CFR* 576.57, other appropriate provisions of 24 *CFR* Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
5. The requirements of 24 *CFR* 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
6. The requirement of 24 *CFR* 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
7. The requirements of 24 *CFR* Part 24 concerning the Drug Free Workplace Act of 1988.
8. The requirements of 24 *CFR* 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
9. The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 *CFR* 76.56.
10. The requirements of 24 *CFR* 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental review

responsibilities under the National Environmental Policy Act of 1969 and related authorities as specified in 24 *CFR* Part 58.

11. The requirements of 24 *CFR* 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.
12. The new requirement of the McKinney-Vento Act (42 *USC* 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.
13. HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of a completed and approved Consolidated Plan with its certifications, which act as the application for an Emergency Shelter Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U. S. Department of Housing and Urban Development.

APPENDIX TO CERTIFICATIONS

Instructions Concerning Lobbying and Drug-Free Workplace Requirements

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant: Place of Performance (Street address, city, county, state, zip code) Check if there are workplaces on file that are not identified here. The certification with regard to the drug-free workplace is required by 24 CFR part 21.

Place Name	Street	City	County	State	Zip
City of Florissant Government Center	1055 rue St. Francois	Florissant	St. Louis	MO	63031

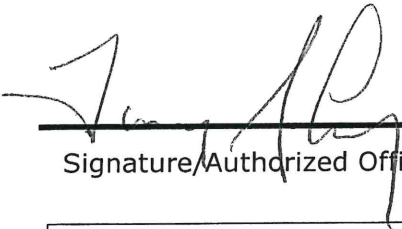

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules: "Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15); "Conviction" means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes; "Criminal drug statute" means a Federal or non-Federal

criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance; "Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including:

- All "direct charge" employees;
- all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and
- a. temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Note that by signing these certifications, certain documents must be completed, in use, and on file for verification. These documents include:

1. Analysis of Impediments to Fair Housing
2. Citizen Participation Plan
3. Anti-displacement and Relocation Plan
