FY2019 CDBG-CV

The City of Florissant recommends re-allocating \$28,243.80 from the MRU-Assist Program and \$94,311.03 from the Administration program for a total of \$122,554.83 to a new Public Facilities program.

The **MRU-Assist** program was to provide income eligible, City of Florissant residents with financial assistance for household rent, mortgage or utility assistance to reduce foreclosures, evictions, utility shutoffs, and to prevent dislocation and homelessness due to the increased need and demand due to the impact of COVID-19. And the **Administration** funds were utilized to administer CDBG-CV funding. These programs no longer hold a high priority.

After the re-assessment of funding priorities, it was decided to reallocate the \$28,243.80 from Administration and the \$94,311.03 from the MRU-Assist Program to the **Public Facilities-Police Station/Jail**. These funds will aid with the repair/replacement of the HVAC system at the Police Station/Jail and will benefit this public facility by improving air quality and reduce airborne transmissions thereby reducing the risk of exposure or contraction of the virus. This use of funds will help slow or avoid further spread of disease, and prevents future spread.
